ATTN: If the station is a regulated station, the station's call sign with MPE file. Draw the through station if not in conformity and if considered. Include copy of this form with next communication to applicant.

7. Invention title or designation number. (See attached Kinds of U.S. Patent Documents.) Enter Office that issued the document by the two-letter code (WIPO Standard ST.3). For Japanese patent documents, the indication of the year of the grant of the patent is not required. For documents issued by the European Patent Office, the year of the grant of the patent is required. For documents issued by the Japanese Patent Office, the year of the grant of the patent is required. For documents issued by the Japanese Patent Office, the year of the grant of the patent is required.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.
